Site seemed to have many shaped objects.
 One object was long with a circular object
 either beside it or going through it. There was a
 feeling of a large circle with men around it
 working. Men at the site pull an object
 up from the ground. A feeling of hard ~~work~~
 physical work at the site. I was outside.
 It was warm + breezy. Men dressed casual.
 The letters or word

E L M surfaced.

There was a tall pointed structure at the site.
 It was white or light in color and it seemed old.

Sometimes it seemed that the objects were moving.
